Orinda to Get 4 New Precincts

"Approximately four new precincts" will be added to the number of Orinda election precincts in time for the June, 1952, primaries, County Clerk W. T. Paasch announced this week.

The Board of Supervisors on Monday approved rearranging of boundary lines for some precincts so as to allow for the creation of additional precincts, all to be within the same territory now covered by nine precincts in the Orinda School District.

"I don't yet know just how many new precincts will be established," Paasch said. "We have to study the registered voter population first, so as to know where to set up the new boundaries. But it looks as if approximately four new precincts will be added, bringing the total to 13."

Paasch said the reason for the change is the rapidly growing population of Orinda.

500 Kids See Puppet Show by Mills Students

Members of the children's entertainment committee of the Orinda Mothers Club entertained nine students from the Mills College children's theater class and their director, L. Louise Stephens, at luncheon at the El Nido last Saturday, between performances of the puppet show "Puss in Boots."

Mrs. Stuart Henderson, committee chairman, announced today that her committee sincerely regrets that many children were turned away from the show because of the lack of "visual space" in which to view the puppets. It is estimated that almost 500 youngsters attended the two performances of the highly successful entertainment.

Mills College students participating in the puppet show were from such varied places as Dublin, Ireland; Fairbanks, Alaska; West Virginia, Chicago, Seattle, Portland, Denver, Nevada and San Francisco.

Junior Cotillions Start Tomorrow

These Junior Cotillions are what we've been dreaming of and hoping for, for such a long time! A series of invitational subscription dancing parties for the younger set. Invitations were sent out only recently to freshmen students at Acalanes for a series of parties, seven in all, to be held in Veterans Memorial Building in Lafayette.

Already, the memberships have been filled.

No. 1's tomorrow night, with Diane Trago, well-known for her dance studio in Orinda, on hand to instruct in terpsichorian trickeries. Most of us ma's and pa's have been assisted in the art of the light fantastic by Dance either at the Orinda Country Club or the Claremont Hotel. Rumor has it that the very popular Don Peterson may be on hand to assist.

Party clothes will be the rule at these affairs and as a special treat for the first, Trader Vic is doing the refreshments and offering prizes of the special candy that Blum's does for him.

The second party will be held December 22, with special holiday decor and refreshments. From then on parties will be held on the second Saturday nights of every month.

Language Tests For Frosh, Sophs

Iowa language ability tests were given to Acalanes freshmen and sophomores this week in English classes.

According to school officials, the test enables the student to get a clearer idea of his English abilities, aids teachers in buttressing students on their weak points in English and assists the counseling department in helping students select future courses for the completion of their high school program.

The tests measure ability at spelling, word meaning, language usage, punctuation, capitalization, grammatical form and sentence sense.

Bureau Studies Request for 9% Fire Rate Cut

Acknowledgment of the Orinda Fire District's request for a 9 per cent reduction in fire insurance rates has been received from the Pacific Fire Rating Bureau.

The bureau, according to Orinda Fire Commissioner Gilbert Earle, has promised to proceed with a survey to determine the rating classification of the district, now that fire station 2 is in operation.

Still being sought is a Sleepy Hollow site for a third fire house. Board President Warren Harrold stated this week that two contemplated possible sites had been sold, and that therefore no action could be taken at the October 25 board meeting.

Because of Thanksgiving, the next meeting of the Orinda Fire Board will be held November 29 instead of the usual fourth Thursday of the month, Harrold announced.

The meeting is set for 8 that night at fire station 1 in the Village.

$2400 Damages Sought Following Work on Sewer

Charging ruin of topsoil and parking of heavy construction equipment on their property in Sleepy Hollow subdivision Unit 3, plaintiffs Albert C. Markstein and his wife, Bertha P. Markstein, have filed a damage suit in superior court naming three defendants.

The couple seeks $4500 damages in their complaint, which names the Birch Construction Company, Heron Construction Company and the Central Contra Costa Sanitary District. They ask $30 per month for the time the heavy equipment, including bulldozers, graders and trucks and trailers, was parked on their premises, and a court order restraining further entry onto their property.

Robert L. Condon, Martinez Attorney, filed the complaint on behalf of the plaintiffs.

Sleepy Hollow To Sparkle in Yuletide Contest

Sleepy Hollow may be called "Santa Claus Hollow' or some such name during the Yuletide season . . . if plans for the area's Christmas decorations and lighting contest click along as anticipated.

Homes and lawns will blossom with even more colorful adornments of the season than heretofore, since competition will be keen. First prizes will be awarded for originality, elaborateness and general Christmas theme.

Preliminary details of the contest, worked out at the November 8 meeting of the Sleepy Hollow Improvement Association at the home of Dr. William Hanford, board member, also include:

1.—Judging will take place from December 11 through 17.

2.—Judges, to be from outside Sleepy Hollow, will be named by the Christmas decorations committee, of which William Witter is chairman, and will be announced next week.

Clothing Drive For Refugees Starts Sunday

Catholic parishes of Contra Costa County will join with others across the nation in an all-out drive to collect clothing, bedding, shoes and blankets for the refugees of Europe and Asia. The drive will open Sunday and continue through Thanksgiving week to Sunday, November 25.

Plans for the clothing collection campaign were announced by Rev. Victor Wilkiemeyer of St. John's Church, El Cerrito, chairman of the program for Contra Costa parishes.

Clothing, bedding and shoes collected during the week will be distributed among the refugees of Europe and Asia regardless of race, color or creed, Father Wilkiemeyer said. He stressed the desperate need of more than five million Koreans made homeless by the war.

Also in desperate need are the thousands of refugees fleeing into Western Europe to escape the tyranny and persecution behind the Iron Curtain. This group increases at the rate of 20,000 persons a month and includes many infants and aged people totally unable to care for themselves, Father Wilkiemeyer said.

Clothing may be left at any Catholic Church in the county any time during the week of November 18-25. It will be sorted and packaged for immediate shipment as soon as the drive is concluded.

Bess Whitcomb, Acting Teacher, Injured in Crash

On her way to conduct a Lafayette Playshop class in dramatic technique, Mrs. Bess Whitcomb, dramatics teacher at Contra Costa Junior College ,was injured in a four-car sideswipe-head-on collision Tuesday night on Mt. Diablo Boulevard a half-mile west of Orinda Crossroads.

Suffering from a broken left wrist, she was taken to Herrick Memorial Hospital in Berkeley, where she was operated on Wednesday morning. Her condition was described as "good" yesterday.

ALSO INJURED in the crash and taken to Herrick Hospital was another driver, Clyde Gregory, 60, of Martinez. After being treated for minor scratches, he was released Tuesday night.

Mrs. Whitcomb, who is 64 and lives in Berkeley, was driving east on the highway, while Gregory, Lawrence Littell, 40, of 3319 Freeman Road, Walnut Creek, and Eileen Piggott, 56, of Oakland, were driving west.

The accident occurred at 7:44 p. m., according to the California Highway Patrol.

WELL-KNOWN by the Lafayette Playshop, Orinda Dramateurs and other theater groups which have benefited from her instruction, Mrs. Whitcomb last week started teaching a weekly course in dramatic technique to Playshop members at the home of Marylyn Hansen on Victoria Avenue. First of the 10 scheduled sessions was held November 6.

Last Tuesday night the group waited in vain for the instructor. After a time Joe Castro, Playshop president, and "Hap" Robertson went out to look for her, but their ride proved fruitless.

At 6 a. m. Wednesday Herrick Hospital phoned the Castro home and informed Mrs. Castro of the accident.

Mrs. Whitcomb previously gave the Playshop a course on makeup. The Highway Patrol lists her address at 1717 Oxford Street, Berkeley.

Rio Vista First Town To Fluorinate Water

The little town of Rio Vista on the Sacramento River has become the first community in California to fluoridate its water supplies.

Weather 'Missing' For Three Days!

Yes, there was weather in Orinda the last three days of last week, but you can't prove it right now by the weather man.

Arthur Bowman, local cooperative observer for the U. S. Weather Bureau, couldn't find his record book this week, so he had to start a new listing Sunday. Apparently the book, containing the records for the 8th, 9th and 10th, had been mislaid.

However, the weather man found some comfort to his embarrassment by the fact that the next three days had the only rainfall — 1.49 inches of it — for the week of November 8 through 14. That brought the total rainfall since July 1 to 3.88 inches.

Maximum temperature for the first three days this week was 69 on Monday; minimum was 37 on Sunday.

No Loaf of Bread But 6 Jugs of Wine

Burglars who recently broke into Bradley's Market at Orinda Crossroads remained unapprehended this week, according to Inspector Norman Wilson of the sheriff's office, who quipped:

"We almost expect to find someone asleep by a roadside with a bunch of empty wine jugs."

Loot in the burglary the night of November 8 included six one-gallon jugs of wine, about six cartons of cigarets and a box of cigars, all valued at around $40.

Owner Don Bradley said entry had apparently been gained by breaking in the front door.

Inspector Wilson said he did not believe this burglary to have been perpetrated by the same group (also unapprehended) considered responsible for a series of food market burglaries throughout this area last summer.

"The burglars last summer concentrated on hard liquor, along with cigarets," he pointed out. "It isn't likely that the wine thieves would be the same persons."

Rev. Morrow to Address Rotary

Rev. Fred Morrow has chosen the timely subject of "Thanksgiving" as theme of the talk he will give at the Orinda Rotary Club meeting next Wednesday.

Following their regular weekly luncheon meeting at Orinda Willows last Wednesday, Orinda Rotarians adjourned to the taxidermy studio of Bob Nordquist on Moraga Highway, where he explained phases of his work.

Explanation of the types of pelts, their curing and the mounting of heads of birds and animals was given by Nordquist, who gets taxidermy orders from all over the United States.

Announcement was made during the meeting of the annual Christmas party to be given December 19 at the Willows. Rotary-Anns will be guests of their husbands and there will be exchange of gifts. Frank Shirey is in charge of arrangements for this event.

Country Club Bus For That Big Game!

Orinda Country Club has arranged for special bus transportation to the Cal-Stanford game for members and guests, complete with luncheon served en route by hostesses.

Big Game evening will be highlighted by celebration at the club as rooters return from the Stanford stadium for dinner and dancing.

Another November feature in the round of Club activities was the bridge luncheon for women members held yesterday.

T. B. Seal Sale, With Pixie Santa Starts on Monday

A pixie version of Santa Claus peers out from the 1951 Christmas Seals which Contra residents will receive in the mail on Monday, when the Seal Sale officially opens all over the nation.

The 1951 Christmas Seal Sale is the 45th annual sale conducted by the National Tuberculosis Association and its 3000 affiliates. The Contra Costa Public Health Association, which conducts the sale in this county, is sending out 70,000 pieces of mail to individuals and organizations in Contra Costa, according to Mrs. H. B. Keating, Seal Sale chairman.

The campaign, for raising funds for the tuberculosis control and prevention work of the association during the coming year, will continue until Christmas.

Church Installs Cathedral Chimes

A set of Deagan cathedral chimes, latest addition to the Orinda Community Church memorial organ, was given its first demonstration last Sunday morning. Daniel Popovich, organist, chose prelude and offertory numbers to include the chimes, which are the gift of a church friend.

Consisting of 21 notes, the chimes are tubular in construction and are played from an accessory keyboard attached to the organ console. They have been placed on the wall in the chancel of the newly-dedicated chapel.

"They honor a person very near and dear to the donor," said the Rev. Fred Morrow, minister of the church. "We are fortunate, since this is the last set of such chimes available in the Bay Region. They will be a constant asset to our pipe organ and a source of inspiration for all the years of the church's existence."

Dedication of the chimes will take place along with that of the organ addition, a new set of oboe pipes given as a memorial, scheduled to be completed shortly after the beginning of the new year, the pastor announced.

Tale of Three Families – And Four Addresses

Mr. and Mrs. Marvin T. Bonds and their two daughters, Patty,11, and Susan, 6, used to live at 11 Oakwood Road, but that house is now 11 Orchard Road.

They recently moved into their new home, which formerly was 33 Overhill Road but now is 35 Overhill Road.

They hope that this will dispel some confusion about the addresses.

The Bonds purchased their new home from Dr. and Mrs. Benjamin Mallary. The address was changed by the postoffice — and, since she's the postmaster, Mrs. Mallary knew what she was doing. Incidentally, the Mallarys' new home has the address of 33 Overhill Road.

Reason for the name-change from Oakwood Road to Orchard Road was that that portion of Oakwood Road, at the request of the local post office, was changed to Orchard Road by the Board of Supervisors.

The Bonds sold their former home to Dr. Chester F. Green of Lower Happy Valley Road, Lafayette, prominent Oakland physician. Dr. and Mrs. Green hope to move in with their three young children before Christmas. They are now redecorating the Oakwood Road — oops!, Orchard Road — house.

Protests Mount Against Quarry

Protest mounted this week against the application of Jerry G. Farrar for permissioin to operate a rock quarry near Oak Springs Unit 3.

With public hearing set for November 26, 10 a. m., before the Board of Supervisors in Martinez, the matter will be a major point on the agenda of next Monday night's meeting of the Orinda Association's Civic Affairs Committee.

ACCORDING TO Civic Affairs Secretary Joseph Downs, the quarry question will share the spotlight with a report on the progress of the nominating committee's deliberations in preparation for the association's annual election next month and with a report on the association membership drive, scheduled for completion this month.

Protest to the quarry application was lodged with the supervisors Monday in a letter from the Moraga Woodlands Improvement Association, written by President Thomas A. Moore.

DESCRIBING ORINDA as "one of the bedrooms of Oakland and San Francisco," Moore declared that the proposed quarry would be detrimental to the residential character of the community, stated that blasting would be dangerous and warned that heavily-loaded trucks would cause roads to "deteriorate rapidly."

The letter was placed on file by the board, to be considered with other objections at the hearing.

OBJECTION HAS ALSO been expressed by Clarence E. Betz in letters to the supervisors and to District Attorney Francis W. Collins. Betz has communicated on the problem with the Oak Spring Improvement Association, Orindans, Inc., the Lost Valley Improvement Association, the Moraga Woodlands group, the Civic Affairs Committee and the Orinda Association board.

The proposed quarry site, just east of the Kaiser-Upton quarry, is some 200 acres of Mario Domingo property west of Moraga Highway, across from the intersection with Brookside Road.

Acalanes Board Accepts Deed for High School Site

By passing a resolution accepting the deed, the Acalanes High School District board Tuesday night made purchase of the 52-acre site in Moraga Valley, to serve the Orinda area, an accomplished fact.

Agreement on terms was reached last month by the board and the Moraga Land Company. Tuesday night's action culminated the "deal."

"THEY FURNISHED the deed and we paid the money," Acalanes Superintendent Neil M. Parsons explained. "The matter is in escrow now. The warrant has to clear the county auditor and the district attorney's office. That may take only a few days."

Cost to the high school district is $125,000, plus $12,626 for improvements to be made.

THE SITE IS three miles south of Orinda Crossroads, at a creek west of Moraga Highway.

"We don't know about construction dates for a year or two," Parsons said. "We're thinking of starting construction about four years from now."

Culmination of the transaction brought to an official close the long search for a suitable high school site here.

On the basis of study of probable future growth of the district, Parsons described this site as "the best available."

Sewer Fee Set For Golf Range

A fee of $524, comparable to other assessments in Local Improvement District 10, was set by the Central Contra Costa Sanitary District directors as sewer service connection charge for a golf driving range to be established in Orinda, at the board's recent meeting.

Al Espinsoa requested an annual service charge for the driving range planned to be on E.B.M.U.D. property, with the building to be on Lot 18 of Orinda Villa Park.

This plea was denied by the board, which set the connection fee instead.

Life in Orinda Can Be Dangerous

Cleaning autumn leaves out of roof-gutters in Orinda is plenty dangerous. Ask Thomas A. Moore of 25 Valley View Drive.

Moore was performing the apparently harmless task November 4 when he fell from the scaffolding. Result — his left arm broken in two places; broken nose; cuts on his forehead; both eyes blackened.

Despite all this, he didn't require hospitalization, and two days later he was back on the job as a partner in California Art and Engraving Company in Berkeley, his arm in a cast.

Moore takes it all rather philosophically, but he kind of wonders what has happened to those remaining leaves up there.

Lions Will Visit St. Mary's College

Orinda Lions Club will meet November 28 in the dining hall at St. Mary's College for a get-acquainted tour of the buildings and campus under the guidance of Brother Thomas. Rudy Rasmussen is chairman for the evening.

The Lions' annual Christmas party will be held at the Orinda Willows December 12, with Nathan Gray as chairman.

Bob Kerr, president of the Kensington Lions Club, accompanied by 15 fellow members, were guests of Orinda Lions at the Willows Wednesday night.

Featured was the annual "turkey shoot," with Bob Frolich, Walt Friberg and Jack Cooper winners of turkeys in the dart-throwing contest.

Asks Probate of Mother's Will

A petition was filed in Contra Costa Superior Court last week by Jean Weidenbacker, 88 Loma Vista Drive, asking probate of the will of her mother, Mrs. Emma Houston. Mrs. Houston died in Honolulu August 9.

Mrs. Weidenbacker received an outright bequest of $10,000 by terms of the will, which was written eight days before her mother's death. The residue of the estate will be divided between the daughter and a son, William Houston Jr. of Stockton.

The estate includes government bonds having a maturity value of $12,950. John Jewett Earle of Oakland is attorney for the petitioner.

Chit and Chat about Don and Donna

By MARY THIES

A few Senior girls gave a party November 2 to celebrate the Antioch game earlier in the evening. The get-together was held at Mike McFarlane's house.

A few of the enthusiastic couples were Francie Lageson and Jim Lohstroh, Sally Fleager and Eric Murray, Chris Johnson and Tom Tilton, Joanne Willits and Martin Carovano, Dottie Jensen and Dick Hubach, Carol Jean Earle and Gary Coad, Loretta Dalby and Bob Borghesani, Barbara Caridio and Don Beardon, Jackie Irving and Dick May, Jayne Kirk and Wayne Brannan, Connie Wallom and Jerry Price, Carol Rucker and Denton Holms, Leanne Pasquine and Bob Moore, Anita Cianfiche and Frank Orme, Pat Meyers and Ron Dallas, Janet Klopff and Jim Keefe, and Elaine Ranker and Richard Rogers.

Elaine Ranker was hostess at a Hallowe'en party a few weeks ago. Besides throwing certain people in the pail of water and other "unusual" acts, the party was quite normal.

Some of the kids who joined in the fun were Ron Dallas and Bonnie Jeffries, Howard Flanders and Ardith Nave, Jim Lohstroh and Francie Lageson, Sven Groennings and Jayne Kirk, Tom Tilton and Sally Fleager, Don Beardon and Barbara Caridio, Kay Dana and Diane Wolsen, Denton Holms and Carol Rucker, Eric Murray and Carolyn Demeter, and Charlie Ostrom and Joanne Neuman.

A NEW CLUB has been started at Acalanes — the French Club.

Recently they held elections for officers, and here are the results: Jerry Gray, president; Carolyn Goforth, vice-president; Judy Johnson, secretary; Ann Seulberger, social secretary.

A private dance honoring new Daphne members was held a few weeks go.

New members present were Catherine Monroe, Nancy Edminster, Les Heche, June Derry, Marianne Sommers, Kay Mickle, Judy Johnson, Judy Hall, Sandy Humble, Ann Ward, Georgia Powell, Karen Johanson and Marilyn Davis.

Old members who acted as hostesses were Alice Spencer, Paula Cory, Pat Randall, Kay Goodwin, Ann Seulberger, Joan Gordon, Ann Bronson, Nancy Carrol and Marilyn Derry.

ANOTHER PARTY was given by Skipper Sevall, with the following among the guests:

Eddie Hunt and Sue Fowler, Linda Baker and Pete Hagerle, Dinger Klement and Carol Fletcher, and Shoren Fenton and Sandra Gordon.

After one of the Cal games Toni West gave a party with the girls from Acalanes and the boys from Lodi.

Quite an interesting combination! A few of the girls were Jayne Kirk, Dorothy Floyd, Diana Bumgarner and Carol Petterson.

HAVE YOU NOTICE a few boys going around muttering madly under their breath a few common Spanish expressions?

These are the boys who are giving that wonderful (?) play in Mr. Donna's third period Spanish class.

Those who are working on this production are Phil Simmons, Dennis Stevens, Milt Brown, John Spiegl, Gary Turner, Bill Shannon, Eddie Wilent and Rod Kistinger.

A SMALL PARTY was given by Marianne Baitx, with Bill Powers as her date.

Other couples attending were Betty Bomanand and Al Gibson, Mike Klement and Betsy Selby, Carolyn Baker and Jim Small and Jean Baitx and Tom Klement.

Another party was given by Jim Robertson. A few of the guests included Nada Merry, Phil Simmons, Nancy Edminster, Jerry Gray, Jerry Wallace and Dave Grieves.

AFTER THE DIABLO game last Friday, Ted Merry gave a party. The following boys were invited:

Dave Cranston, Al Culp, Jonnie Johnson, Mike Klement, Mike Elvidge, Eric Murray, Richard Ting and Ed Greub. When asked what girls they were taking, they replied, "Who knows until that night!"

The Senior Assembly was held a few days ago.

Those who worked on the committees were Richard Rogers, Dottie Jensen, Buzz Williams, Bob Westlund, Beth Pendleton, Jackie Irving, Carol Earle, Jayne Kirk, Doug Cooper, Mike Elvidge, Bob Deal, Gary Shallenberger, Hiram Bronson, Bruce Morgan, John Kistinger, John Bowron, Don Reid, Sandra White, Francis Kiernan, Dick Fey, Mike Klement, Renon Hagens and Jayne Kirk.

I wonder if there was anybody left to participate in the Assembly!

CITY TRAFFIC SNARLS

The efficient movement of city traffic requires the cooperation of all drivers. For instance, one car parked in a NO PARKING zone during rush hours can delay a whole stream of traffic and cause a serious traffic jam. Don't be the one who is thoughtless enough to cause trouble for others.

Mrs. Wm. Mordy Tells of Trip Through Europe

Section 1 of the Women's Guild met October 25 at the home of Mrs. R. B. Muse, 8 Camino Encinas. Assisting her as co-hostesses were Mrs. W. C. Branch and Mrs. Alfred Johnson.

After the serving of tea, coffee and delicious chiffon pies, the section chairman, Mrs. Lance Barden, led the group in the opening prayer. This was followed by devotional readings by Mrs. Charles Pimentel from Goodspeed's translation of the Bible in Corinthians 13, the well-known verses on having charity or love, and other readings on the theme of love, a way to brotherhood and peace in the world, far better than resorting to troops and arms.

FEATURED ON THE program was an informal talk by Mrs. William Mordy of her six weeks spent in Europe last summer with her husband.

She told of the amazing size of the Queen Mary, of its 500 first class passengers and 2000 others, of its swimming pools and shops and its daily paper and movies. She didn't get seasick, though it was the roughest passage the ship had ever had, the ship at times having a 34 degree list!

She was far more nervous when later in Paris she went on the trembling three elevators up the Eiffel Tower. There was much of beauty and interest in Paris, and she noticed that the people and even the actresses in the Folies Bergere wore clothes and costumes looking old and worn.

IN SWITZZERLAND she and Mr. Mordy were struck by the marvelous engineering accomplishments in building railroads and bridges on the steep mountainsides. Here she met a Swiss woman who thought American women, judging from the movies, never worked. Mrs. Mordy told her what the American woman does do, and without the aid of cheap servants as in Europe.

She said it was a mental experience because you were constantly reminded of the history of the past and, incidentally, wished you had remembered more of your school history lessons.

It was a wonderful experience to see the beautiful cathedrals upon which so much wealth had been lavished, like St. Peter's. To her the loveliest sights in Rome were the many beautiful, playing fountains.

IN ENGLAND she and Mr. Mordy attended a business conference of 26 nations. Most of the delegates stayed in old Ann Bolyn's castle. She remarked upon how easy it was to understand the personality of these people and to admire and appreciate them.

In Amsterdam the shops, once denuded of all stock and fixtures by the Germans, were open again, and all industries were renewed. There seemed to be an abundance of fruits and vegetables. Meat and coal were still scarce.

Canyonite Sees Agile Squirrel

Some members of the rodent family may visit our local stores now and then and cause little comment, but a Canyonite entered a Stockton hardware store recently and was most astonished to see a bushy-tailed gray tree squirrel flitting about the uppermost shelves.

It is a mystery how this rodent happened to be so far from its natural habitat—the Sierra Nevadas. According to one of the proprietors, Don Klump, the little animal jumped from the grass basket of a sidewalk display lawn mower and ran into the store.

Unable to catch the agile "critter," the owners ste a baited rat trap, but readily admitted they were relieved to find the trap unsprung the next morning. (However the bait was gone and evidence showed that the squirrel had taken it).

After gnawing a hole through the ceiling, the squirrel took up residence overhead. For two weeks both customers and owners brought food for the uninvited tenant.

Finally several broken objects (one an expensive vase) necessitated serving said tenant with a removal notice in the form of a figure-four trap which successfully trapped the squirrel alive. At latest reports, it was established in a roomy cage in the front window and would later be taken back to the mountains to be released.

The Happy Country Folk

By EDITH BOLMAN

MR. AND MRS. E. L. de Laveaga and two small children have just moved into their new home on Moraga Highway and are still in the stage of trying to remember where they put things.

(We recently charged through a closet which had remained in a more or less untouched state since our last move, to the distinct advantage of the local rummage sales

(What we can't seem to remember is why we ever brought the things with us—which also reminds us of the time the moving company with efficient zeal, brought along all the packing boxes in the garage carefully labeled "Good Will".)

NEWCOMERS TO ORINDA Mr and Mrs. James T. Keresy have just moved into Bien Venida Cottage, ex-home of Mr. and Mrs. de Laveaga.

Mr. and Mrs. Edward Martin have just returned from a restful three weeks in Honolulu. They went both directions on the Lurline, which is fairly remarkable because you know how it is—sometimes the Lurline doesn't go in any direction at all.

ANOTHER JUNIOR LEAGUE Fashion Luncheon was held at the Art and Garden Center—this time the clothes from Sather Gate. These gatherings have become so popular, and no wonder, that you have to get your reservations in early.

The models were Mesdames Frank Dunn, Paul Demeter, Alfred Otto Jr., Oliver Hamlin III, Edward Henshaw, Ridgway Woodburn, Marvin Holt, Robert Hervey, Frank Smith, H. G. Hills and Edward Blasdel.

The hostesses were Mrs. Carl Schevill and Mrs. William Platt. The waitresses were Mesdames Ramsay Underwood, Edmund Cardin, Lee Kidwell, Robert Pinger, Leland Scott, Bruce Howard and Robert Spott.

MRS. MEL NICKERSON and her Glorietta Girl Scout Troop 247 are also doing a good deed for the Children's Hospital. They are renovating a doll house, which involves making furniture, curtains, painting, electrifying, ad infinitum, and it sounds like a lot of fun.

That troop does the most interesting things; some of them are working for badges in ceramics, some in horsewomanship and some in dramatics.

We would like to have gotten in on the last one ourselves. Mrs. Henry Harris took them to see the play "The Cocktail Party," and they all traipsed backstage to meet the star, Marcia Hunt, and watch her put on her makeup.

We didn't ask what the results of that last matter have been; we didn't dare; because we could visualize lipstick and makeup goo being smeared all over bathroom towels, bedroom wallpaper and smaller sisters' faces.

Happy Birthday to You

SHERYL STUDLEY

A Hallowe'en costume party October 26 celebrated Sheryl Studley's 10th birthday at her home. A witch's den for story telling, a spider web containing the party favors, and most eerie of all, the old witch who made the 13th guest at the supper table, spooked the girls into the Hallowe'en spirit. It is worth remembering that any windshiel wiper blade is subject to weathering. In time, the rubber will harden and become brittle. A weathered blade shiuld be replaced for safety's sake.

Rain Aids Fight On Canyon Blaze

Seconds after the fire siren sounded Monday, Canyon volunteer firemen were on the job with fire-fighting equipment at the Verdic Wilson home, just off Redwood Road.

As heavy rains had soaked the roof and over-hanging trees, the fire was checked before it could completely destroy the cottage and spread to nearby homes. However damage was extensive, both to the building and to personal belongings.

Some of the furniture and clothing was carried out by neighbors but everything in the house was smoke or water-damaged. Kitchen equipment was heat-blistered and blackened, yet a book of matches went unburned. An antique grandfather clock and a new electric sewing machine were among the possessions saved but somewhat damaged.

The Wilsons had just recently bought the house, remodeled it and were landscaping the grounds.

Night Foggy but Camp Fire Girls Tour Observatory

Canyon Camp Fire Girls had no better luck as to visibility when they visited the Oakland Observatory recently than did the Cubs on an earlier date. The night picked beforehand for the trip happened to be the first foggy one after a week or more of clear weather.

However, the visit proved both enjoyable and educational. Although they were only able to peer at instead of through the big telescope, they had an interesting lecture on stars and planets.

Various recording instruments and a replica of a meteorite caused much comment.

The group was accompanied by Mrs. Doc iMller, Mrs. Barbara Wells, Mrs. Margaret Chessum and Bob O'Neil. Camp Fire Leader Mrs. Chessum announced that the Camp Fire Girls, with the Blue Birds as guests, will be taken on another trip on November 26 through a Berkeley doll factory.

LINDA VAN SICKLE

A pink party celebrated Linda Van Sickle's seventh birthday November 3 at her home. A pink birthday cake highlighted the luncheon table with pink punch, pink gelatine salad and pink favors for the girls. With her were Holly Borden, Susan Starkman, Jean Abe, Jill Taylor, Jinny Phair, Sheryl Phair, Kristi Ramsey, Charlynn Ramsey, Linda Bargones, Sandra Talaricio, and Linda's brother, Barton Van Sickle.

November Is Cleanup Month in Garden; Here Are Suggestions on What to Do

By BERT WRIGHT

COLD NIGHTS and warm, sunny days make the green leaves of many kinds of trees and shrubs turn bright colors yellow, red, or sometimes almost purple. Bright clusters of berries load down Holly Pyracantha, Hawthorn and Cotoneaster.

Early Camellias are beginning to bloom and Heather is alive with it's rose-lavender blooms, Roses and Chrysanthemums reluctantly accept defeat. They linger on, and how acceptable these are.

November is cleanup month in the garden. There are perennials to be cut back, and that have passed to be pulled up, and the beds to be made ready for the next inhabitants. Do no pruning now, even of hardy shrubs, where there will be sharp frosts. Cut out dead wood wherever you find it.

Burn all diseased foliage, especially that of Roses which have had black spot. It is good gardening to see that the young trees are staked against the strong winter winds. This will protect the roots.

SET OUT WINTER stocks, Snapdragons, Pansies, Violas, Delphinium, Foxglove, Sweet William, Canterbury Bells, Forget-me-nots, Columbine, Violets, Calendulas, Penstemon.

There are many wonderful shrubs that thrive in our area. If you are looking for evergreen shrubs that flower, here is a short list of some of the best for this vicinity.

ESCALLONIA: This is a rapid growing shrub for practically every use, whether it be used against a house for foundation planting, a hedge border or screen, or windbreak. There are several types of this shrub that vary in height. Colors are Red, Pink, White and Appleblossom.

Other evergreen flowering shrubs are: Abelia Grandiflora, white blossoms, Abelia Edward Goucher, pink blossoms, Eric Melanthera, (Heather) pink blossoms, Letospermum lore Plena, pink flowering, Diosma Breath of Heaven) pink flowering, Raphiolepis, pink or white flowering, Myrtus, white flowering, Pittosporum Tobira, white flowering.

Add to this list for luxurious foliage English Laurel, Chinese Toyon, California Evergreen Cherry.

For red berried shrubs choose Pyracantha, Toyon, Cotoneaster, Barberry.

Go to your nurseryman and ask to see these excellent varieties for this area. These shrubs along with many others may be set out now.

Susan Fink Flips A Little Too Hard

On October 29, Susan Fink broke her arm just beyond the wrist. She was demonstrating "the big girls' flip" to schoolmates, but flipped a little too hard and landed on her arm.

Friendly Mrs. Kops took Susan to the Glorietta School office, where Mr. Murphy, seventh grade teacher, and Mrs. Anderson, sixth grade teacher, supported the injury temporarily.

Upon being notified, Mrs. Fink took her daughter to Dr. Smith's office, where she was treated.

Susan is now feeling up to snuff and participates in most of the sports.

Two Churches Set Combined Service For Thanksgiving

The congregations of the Community and St. Stephen's Episcopal churches in Orinda will join forces for the religious celebration of Thanksgiving Day, next Thursday, at 10 o'clock in the chapel of the Community Church.

Rev. William Fay will deliver the Thanksgiving sermon. The Junior Choir of the host church will be directed by Margaret Popovich in the traditional Netherlands Hymn, "We Gather Together," in an arrangement by Kremser; and Mrs. Popovich will herself sing from Haydn's "Creation" the aria "With Verdure Clad." The host minister, Rev. Fred Morrow, will conduct the worship.

All people of the community, with their holiday guests, are invited to attend in family groups.

This is to be the first definite joint fellowship of the two local congregations, although there have been many points of cooperation since the organization of St. Stephen's Church a little over a year ago.

'Teen-Agers Need Helpful Rules'

That rules and regulations must be made to govern the social life of every teen-ager was the opinion of Mrs. Wesley J. Smith at the Chi Lambda chapter meeting of Delphian Society Nov. 5 at Orinda Community Church.

"Complete unlimited trust has much the same effect on the average adolescent as complete neglect," said Mrs. Smith. "Young people should not be compelled to make all major decisions regarding conduct in a thrill-seeking society at a time when they are emotionally unstable and afraid of being derided as over-cautious by their associates."

Members agreed that prevailing indulgence in experimental excesses might be curbed by prompt action on the part of conscientious mothers and fathers.

Carl Pedersens Honored at Party

Present to greet the guests were Messrs. and Mesdames Marvin Bonds, Kenneth Brown, Emory Davis, Clinton Hallsted, Jim Armstrong and Clarence Tantau.

Pastor Berven's Sermon Will Be On Stewardship

On Sunday morning at 8 and 10:45, Pastor Luther Berven of Our Savior's Lutheran Church in Lafayette, will speak on the sermon topic, "Taking the 'Stew' Out of Stewardship."

"The primary purpose of the Christian Church is not to raise money but to win souls," asserts Pastor Berven.

"The church should not have to resort to various schemes for collecting necessary funds but should be able to depend upon the voluntary gifts of its members and friends. In the 8th chapter of II Corinthians, the Apostle Paul speaks of the great generosity of the churches of Macedonia. The secret of their liberality was this, 'first they gave themselves unto the Lord.'

"When church members give themselves to God, they become cheerful givers of their time, their ability, their money."

An Evangelism Conference will be held at Central Lutheran Church in Oakland beginning Sunday at 3:30 p.m. The Sunday evening session is at 7:30; the Monday and Tuesday evening meetings will begin at 8.

Special Thanksgiving Day Services will be held at Our Savior's Church at 10 a.m.

Engagement Follows Islands Romance

Mr. and Mrs. E. L. Bargones of 209 Camino Sobrante today announced the engagement of their daughter, Norine Ellen Bargones, to Roy A. May of Honolulu, following an announcement party in Honolulu for the pair.

Norine Ellen has been in the Hawaiian Islands since September, 1950, working for the large merchandising firm of Theo. H. Davies and Company.

She is a graduate of Acalanes High School and received her business training at Armstrong Business College in Berkeley. It was in Honolulu that she met her fiance.

May, formerly of Long Beach, has lived in the Islands since 1939. He is a member of the Junior Chamber of Commerce in Honolulu and the Waikiki Yacht Club.

He is prominent in yachting circles, is part owner of the catamaran "Little Five" and is the owner of a business firm in Honolulu.

May is the son of Ray A. May St. of Tulare and Mrs. Marie Hughes of Alburquerque, New Mexico.

The engaged couple are planning the wedding ceremony for sometime in February, after which they will live in their new home being built for them in Kaneohi, Honolulu.

Norine Ellen has three other sisters, Carole, Gail and Linda Bargones.

'Deaf Not Dumb,' Catholic Women Told

"Whenever a child's chattering falls harshly upon your ears, don't be annoyed—instead, be grateful that your child can speak, and that you can hear him!"

With these words, Father William Reilly, director of the widely-acclaimed St. Joseph's Center for the Deaf, keynoted his recent address to members of the Catholic Women's Club of Orinda.

Active for 19 years in promotion of educational, spiritual and recreational activities for the deaf and hard-of-hearing, Father Reilly and his associates this week celebrate the first anniversary of the establishment of St. Joseph's Center, located in Governor Warren's former home on Vernon Street in Oakland.

Within the walls of the stately building—first such center to be founded west of the Mississippi—are facilities ranging from a chapel to a ballroom whose walls resound often to the cheerful thumping of square dancing feet belonging to men and women who, until a few years ago, were believed doomed to a life of silent withdrawal into self.

But today, thanks to the unceasing efforts of Father Reilly, and others like him, the handicapped are treated as "regulars," with emphasis laid not on over-protection, but on education which fits them for niches in almost every corner of the workaday world.

"The deaf are anything but dumb," says Father Reilly, "and the coupling of those two words has been discarded by us who work with them, for we find the deaf normal in all respects save hearing ability."

A request to all hearing—and therefore speaking—people to be patient with the less fortunate was also voiced by Father Reilly, who stressed that the deaf are involuntary citizens of a soundproof world, in which the smallest courtesy from those "outside" is most deeply appreciated.

Prior to Father Reilly'h informative address, 15 new members were welcomed into the Orinda Catholic Women's Club by its president, Mrs. Robert Boyle, and plans for the organization's food sale tomorrow at Frank's Hardware at Orinda Crossroads were completed.

Rev. Morrow To Talk on Holiday

"Thanksgiving Times and People" will be the subject of Rev. Fred Morrow's Thanksgiving Sunday sermon at Orinda Community Church this Sunday at 11 a.m.

Something about the origins of the holiday and the New England pioneers who first celebrated it will be told. Led by Margaret Popovich, the mixed choir will sing "O, Praise the Lord," an anthem based on the 150 Psalm with music by Cesar Franck.

Two other chapel services are scheduled preceding the public worship service. At 9:30 Ray Fowler conducts the service for youth and at 10 o'clock Mrs. John Ogden leads a junior worship period.

The groups alternate in the use of classrooms during the Sunday church school hour. A nursery for babies and young children, and a workshop hour for juniors is conducted at 11 o'clock for the convenience of parents attending church.

Section 3 Meets Tuesday Evening

Section 3 of the Women's Guild of Orinda Community Church will meet Tuesday evening at the home of Mrs. P. A. Veitch, 154 Camino Sobrante.

Co-hostess will be Mrs. W. F. Gloy. The devotions will be given by Mrs. Alice Brown.

The group will work on Christmas decorations to be on sale at the General Giuld's Christmas party, and, as is the custom at the November meeting, will sew on their own Christmas gifts. This is the group that spent most of the year in sewing for the annual bazaar.

Impressions of County G. O. P. Dinner Related in 'Open Letter' to Friend

(The following "open letter to a fellow-Republican" is from a woman who attended the recent $100-a-plate G.O.P. dinner at Diablo Country Club to a friend.)

Dear Monty:

I know you'll be anxious to hear all about the "Preparendness" dinner November 5 at Diablo Country Club, since you were unable to attend.

First thing I did after greeting several people was to find out what the flashes were in the little reception room off the Victorian Room. There was a real live baby elephant, and at the moment I looked in, Kathleen Norris was having her picture taken with her arms around it.

Later I was introduced to her and had a bit of a preview of the straight-from-the-shoulder talk she gave later. She told me that she had thought the time had come when she could at last spend her "declining" years working in her garden, but that the urgency of "re-establishing a two-party system now or never" had brought her into public life.

I MET SENATOR Knowland and Mrs. Knowland, and while only mildly interested in the article I had read on his being the youngest grandfather in the senate, I was most impressed by what a young and really beautiful grandmother Mrs. Knowland is, and so very charming.

Oh yes, I also met and talked to Ward Bond, the actor who was master-of-ceremonies. He did a fine if unpolished job, but the lack of polish added to his effectiveness.

The Rev. William Merrill Fay of Orinda's St. Stephen's Church did a wonderful job of asking a benediction. He stood up there looking all of 16 years old, then he began to speak in his remarkably mature voice, and what he said was what was in all our hearts, and I heard a rumble of "Amen" around the room.

One of the themes present in each speech was the importance of women in the coming campaign. Bond said that Bill Fleager had told him on the way over that 98 percent of the Contra Costa women had gone to the polls at the last election! Why doesn't someone tell me these things?

Kathleen Norris said that we women would be called on to make great sacrifices in time, money and unceasing effort, and that we must do whatever job we undertook to the full and without fail.

Of course, Knowland was the "piece de resistance." I met him once before, at his sister's home in Danville during the Wilkie campaign, and was impressed by him then, but the stature of the man now is overwhelming.

I decided right in the middle of his speech that I was going to be the first to start a "Knowland for president in '60" campaign. When I unveiled my brainchild later, I found that other minds had been running along the same line.

I FORGET TO TELL you that there were just under 300 tickets sold (three under, I think), and that is more money than the C.C.C. Republicans have ever had for campaign purposes, which justifies the $100 angle that a lot of us thought wasn't practical.

Of course, that is still far from the goal of the United Finance Committee (this year there will be just ONE organization soliciting funds instead of the three or more that appealed to us last time), and we can be sure our funds will be going where it will do the most good.

Which reminds me that there was another meeting of the minds in regard to the policy of seeing that the money gets where it will do the most good, and not in folderol to convince good Republicans to vote Republican, but to present facts and figures to prove to good Democrats that they must see the necessity of a change in administration.

I guess that about covers the dinner — though, after all the ragging we've had about $1000 per plate, you'd be amazed to see how many of us were carried away by the speakers that we forget to eat most of it. Even at the $5 for the actual dinner, that's something!

Yours Truly,
Marjorie.

Girl Scouts Need Base for Site of Yule Trees Sale

Diablo Valley Area Girl Scouts need your help in preparation for their annual sale of Christmas trees.

This year they will have a new site for the sale — the lot on the east side of Lafayette Furniture. Before the lot is ready for the sale, however, part of it must be covered by base rock or a similar base.

If you have any such base which the Girl Scouts can use, get in touch with Milt Adair at Lafayette Furniture. The Yuletide season isn't far off — and you'll be doing a "good turn" for the Girl Scouts and the entire area.

Folk Dancers Do Special Numbers

With two special numbers by their Exhibition Group, the Acalanes Folk Dancers met for their regular dance session last Saturday evening at Acalanes High School.

The group performed a Bavarian folk dance, the Bergtau Laendler, and an Israelian dance, the Hava Nagilla.

The latter is one of the new dances especially designed to fit certain traditional music of the people of Israel in order that the newly established country may have a background of folk dances.

The committee that arranged the meeting included Don and Dorothy Gibson, Clifford and June Feiler, Paul and Jean Kalff and Stan and Winnie McGlauflin.

Cap Sandford Sez:

A NEWSPAPER PHOTOGRAPH of Ralph de Palma, named the pace car driver for the 150-mile A. A. A. National Championship Big Car Race at Bay Meadows, brings to me vivid recollections of many old-time automobile racing experiences and those who participated in them.

For example, living right amongst us is my old pal and buddy, one of the greatest of them all, Charlie Burman, who drove as Barney Oldfield's partner in the good old days.

Charlie, who lives in Lafayette, passed me on Maniac's Boulevard the other day at about 100 miles an hour — I mean, 20 miles an hour. He says his throttle foot is lighter now than it used to be long ago.

SOME TIME AGO I WROTE in this column that several people I knew could be likened to cornucopiae; by that I mean there is a great deal of mouth but when you are up to the other end the lines finally converge in a sharp point which is zero.

All of this means that where the brains should be there is no accommodation for anything, and a big mouth drools on monotonously and arrogantly about nothing.

We have had some good examples of this in Lafayette recently.

I cannot refrain from stating now, as I have stated before, that when each of us is prepared to work for the community instead of selfishly looking out for himself or herself, then we can begin to go places.

DRIVING HOME ON MANIAC'S BOULEVARD at night in a blinding rainstorm, visibility very poor, I was astonished at several cars which passed me at very high speed.

Shall we call it driving blind . . . driving blind drunk . . . or flirting with the undertaker, or just simply driving with suicidal and murderous intent?

ALL THIS POLITICAL JOCKEYING, sidestepping and shadow boxing as to who is to be President just leaves me stone cold.

I think a country of this size deserves a man who is big enough to come out into the middle of the ring and spit on his hands and say, "I want to be President."

The way it is done is very disturbing and we, the people, have so little chance to defend ourselves in the clinches instead of waking up some morning and saying, "Great Scott, look now what we've got!"

And now, we are informed that Churchill and Truman are going to meet in January. Look that one square in the face. I just think IT AIN'T FAIR to U. S. A. And don't look like that at me either, you so-and-so, or I'm liable to give you my photograph in a silver frame, too.

IN THE MOVING PICTURES which I saw of Princess Elizabeth and her Duke of Edinburgh I could not fail to notice that the Dduke seems to have a great deal of trouble knowing what to do with his arms and hands.

He just looks as though he would like to stuff his hands in his trouser pockets and then compromises by putting his arms behind his back from time to time.

No, he just does not know what to do with his flippers.

I HAVE OFTEN KNOWN a properly administered belt in the teeth to do the recipient a great deal of good, and then there are others it doesn't seem to do a bit of good to.

And so au revoir, messieurs. I'll be seeing you.

What Does 'Operation Houseparty' Mean? ..

If you had the opportunity of giving a soldier his first home-cooked meal in years, or, perhaps, giving a fellow his last day in a home before going to Korea, how would you feel about it?

That is what "Operation Houseparty" means, in essence, and, in anticipation of possible conflict between "Operation Santa Claus" and "Operation Houseparty," Mrs. S. H. McAllister, in charge of the latter under Mrs. Don Court for the Mt. Diablo Chapter, American Red Cross, is sending out this S.O.S. for you to gather some congenial friends or neighbors into the spirit of the season and entertain a group from the Camp Stoneman Hospital on a Sunday.

If you were in Pennsylvania, Alabama or Connecticut, and it was your son, your husband or your brother about to be shipped out, you'd be grateful for someone who'd give up a day during the busy holiday season to take care of your "him," wouldn't you?

THE EXTRA DIVIDEND comes from the lift you get out of the experience.

Ask the Lou Feketes, the Conklins or the Kennedys of Lafayette; ask any of the Moraga people who put on a community picnic; the Mateys, the Courtrights or the Fitches of Orinda; the Rughs or their neighbors on Oak Road or the Walnut Knoll group in Walnut Creek.

Ask the parents of Pleasant Hill Boy Scout Troup 213 or the Siebert Court Crest View Club in Lafayette.

Ask them about their experiences in entertaining the group of 13 to 25 boys, but be prepared with a clean hanky for the laughs and drama they've shared with the boys.

IF YOU FEEL that with the holidays and the sons and daughters from high school or college home you might not be able to manage, just ask them how they feel about it . . . You have small children and you think these boys might not be comfortable with them? Remember, while the majority of the boys from the hospital are young, there are many fathers (and bachelors, too, we found) who want nothing more than to play with the little ones this one more day.

So call Mrs. McAllister at Lafayette 4630 or Mrs. Karl Fitch, Orinda 3201, for a date to treat the boys and yourself to an experience that will bring the true meaning of the season to your home.

Rev. Peterson To Describe Mission Covenant History

Rev. Joel S. Peterson will give the first of a series of three sermons Sunday morning at the Mission Covenant Church in Lafayette. His subject this Sunday is "A Look at the Historic Background of the Mission Covenant."

The other two sermons, on "Covenant Principles," and "Covenant Responsibilities," will be given at a later date.

Commenting on his sermon, Rev. Peterson said: "If I were asked to join a church, I would certainly want to know something of the origin of that church, its spiritual emphasis and its missionary program.

"If it is sound business policy to know something of the assets of the bank in which I deposit my money for safe keeping or something of the training and reputation of the doctor to whom I entrust my body for major surgery, or if it well to know something of the home and family background of the woman I hope to marry, surely it is advantageous to have some knowledge of the church with which I am to affiliate and to which I am to entrust myself for spiritual nurture."

Accuse Administration of 'Socialism'

An enthusiastic group of 600 Lafayette Republican Women and their husbands heard Edwin Wilson of San Francisco discuss the merits of socialism vs. free enterprise Monday night at Veterans Memorial Building.

"Republicans are definitely on the side of free enterprise," said Wilson at the meeting sponsored by the Lafayette Women's Republican Club, "but the present administration, progressing from crisis to crisis in economic and national affairs, has made each supposed crisis a bugaboo for further restraints on personal initiative and free enterprise.

"They don't call it by name, but it is socialism, and the same brand that has Great Britian on her knees today."

Following the meeting, County Republican Chairman Jack Pedder complimented Program Chairman Margery Scofield, Arrangements Chairman Ida Pedder and President Marjorie McAllister of the club on "a meeting the like of which, if repeated throughout the county, state and nation, will have a profound effect on the 1952 campaign.

Jubilee Appeal Reaches $2600

The Golden Jubilee Appeal sponsored by the Mission Covenant Church in Lafayette had reached $2600 by last Sunday evening.

This is a part of a statewide effort to raise $100,000 for home missions expansion in new districts and tracts in the state, where the Gospel has not yet reached out.

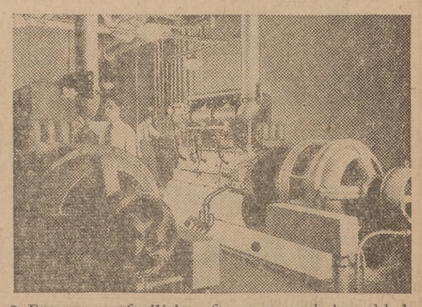
1. How fast can we spread the word? Since the days of Paul Revere, the nation's strength in times of crisis has depended on swift, reliable communications. Today, the telephone is at work helping our military men organize their forces...at work saving minutes and hours and days in defense production plants... at work nearly everywhere uniting the strength of our millions of people.



2. Emergency facilities of our own are being added, too. Like this standby generator which can produce our own electricity in case of power line failure. Special plans have been made to rush "telephone task forces" of men and materials into strategic areas, if need be. In every way possible, we're making sure the calls keep going through...the calls which mean so much to our nation.

3. Since Pearl Harbor, we've put well over a billion dollars into telephone facilities in the Pacific West. We've made many, many technical improvements to speed and extend the service. The result: A telephone system far stronger than ever, doubled in size. We could do it because, over the years, we've had the financial strength to attract the investors' savings we must have to pay expansion costs. And with financial strength in the future, we can continue to build our ability to serve you and our nation.

ACALANES MEETS PITT TONIGHT FOR TITLE

Tonight finds the Pittsburg Pirates invading Acalanes Memorial Field to meet up with the Acalanes Dons in a crucial game.

The Pirates are undefeated to date and have won 12 in a row.

Under the guidance of Coach Tony Knapp, the Pirates have won the mythical title three years in a row and only the Dons stand in their way for title number four under Knapp's tutelage.

The Dons have three league wins under their belt and a lone defeat. A win tonight and next Wednesday when they meet the Alhambra Bulldogs on the local field would give the Dons a tie for the top spot.

PITTSBURG DEFINITELY rates the favorite spot in tonight's tilt as they have smashed all opposition with lop-sided scores.

Quarterback Bob Westlund handing to Halfback Doug Cooper

In lads such as Joyner, Briggs, Dawson and Camera, they have speed burners who can go all the way on any given play.

The Pitt eleven features the "Cal T" and are noted for their hard aggressive play.

THE DONS HAVE been coming along at a progressive rate and have backs who are capable of fine running.

In diminutive Al Culp the Dons have a back who doubles on offense and defense as well as running at the left half and fullback spots.

Eric Murray is a hard-running fullback who appears in fine fettle after a minor injury and capable of doing some good line plunging when the going is tough.

EDDIE GREUB has been an outstanding back all year long and could be the one to keep the Dons in the running.

Roger Linn, a converted end, has been doing a bang-up job as a left half on offense and right half on defense.

Howard Andrews looks to be one of the county's better defensive backs and is also a capable ball carrier.

Both teams have good defensive records and it will be interesting to see how well they hold up against one another's offensive work.

In Joyner, who plays end on offense and in the backfield on defense, the Pirates have one of the county's top players since the reign of John Henry Johnson. A sprint champion, he is a hard runner and a demon on defense.

SAD SAM DAWSEN, fullback and linebacker, is enjoying one of his best seasons and much of the Dons' success or failure will depend on how well they can cope with these two.

Both lines are above average and while the Dons hold a weight edge they will have their hands full with the fast-charging Pirates.

With both elevens at their best, it could be the ball game of the year. Tonight should find a capacity crowd on hand to witness the game of the week and find out the answer to the question "Can anyone stop Pittsburg?"

Full-Length Stockings — Good Reasons Why Our Romping Grid Dons Wear 'Em!

By ERWIN MATTSON

ONE OF THE QUESTIONS asked by students, players and fans alike has been:

"How come our football team wears full-length stockings?"

First, because it offers protection to a player's legs in that it provides a cushion to blows.

Backs and ends are constantly being hit as they are tackle. Cuts from cleats are largely avoided as a result of wearing the long stockings.

Second reason is protection from the elements.

In night ball in particular a player is apt to become chilled rather easily unless precautions are taken.

Players are all given sideline coats. The problem is to get a player just out of action to get the coat on and keep it on. A hot, perspiring player tends to cast it off, wanting to cool off as fast as possible.

Another rule is that players keep helmets on so as to keep the head warm and also in order to be ready to go, as with the unlimited substitution rule players are often sent in on short notice.

A mislaid helmet results in delay and may mean an avoidable penalty for delaying the game or being too late to get in until the next play.

SOMETIMES, DUE TO failure to send in word to change a defense or to direct the offense against an enemy weakness, a touchdown or long gain results for the opposition.

One of the big helps this season has been the use of an observer high in the stands to detect enemy weakness and strength as well as our own.

Communication has been carried on via electronic telephones. The phones were a late war development and require batteries or outside energy. Clear reception and no static results.

Such an observer is literraly a second quarterback, as he sees things which the players on the field can't. Nor can the coach, who is in the poorest position of all.

The big problem is laying wire between the phones and keeping it intact.

Next season we plan to put in a permanent underground wire installation which will solve the problem for home games.

Dons Steamroller Not-So-Devilish Diablo, 13 to 0

The Acalanes Dons played ball all the way last Friday night when they smashed a willing but impotent Diablo eleven in a league tilt that boosted the Dons to the number 2 spot in league standings as the result of a 13-0 win.

The game was played at Concord.

The score was far from indicative of the Dons' superiority. They racked up 220 yards to the Devils' 98. The first down statistics gave the Acalanes club a 7-2 advantage.

EARLY IN THE FIRST quarter, Halfbacks Eddy Greub packed the pigskin for 53 yards as he busted off tackle on a hand-off, saw daylight, cut to his left and scooted the better than 50 yards before being overhauled by a last-ditch tackle on the part of Diablo's safety man.

The Dons were deep in Diablo territory the remainder of the quarter but took until the second period to get in the tally column.

IT CAME ABOUT after Diablo's Fullback Bill Edelman dropped the mail when hit hard by Howard Andrews on a shoestring tackle. The Dons took over as Al Culp pounced on the ball, on the 21.

It took nine plays for the Dons to go the 79 yards to paydirt, with the T.D. coming when Quarterback Dick Fry flipped a short pass to Art Siler on the eight-yard mark and Art wove his way out of the hands of would-be tacklers to the end zone.

The conversion try failed when a pass missed by inches, and it was 6-0 at the end of the first half.

IN THE THIRD quarter Eric Murray pounded the weakening forward wall of the Devils and tore off consistent hunks of yardage.

He finally busted over from one yard off, after a three-yard gain by Fey on a quarterback sneak.

Seconds later the same play found Murray scoring the conversion point, making it 13-0.

The Dons were kept from other scores by several penalties, three of the 15-yard variety that hurts most.

THE WIN for the Dons brought home the trophy first set up between the schools in 1949.

It was a tie that year, and Diablo won in '50.

The Dons evened the series by bringing home the bacon in '51.

The game marked a victory for a team that played as a team on both offense and defense.

Ouch! — or Hurrah? — Report Cards Issued

Report cards for the first quarter at Acalanes High School were distributed Tuesday.

Don Babes Fight Hard but Lose To Diablo 25-6

Acalanes' J.V. eleven made a real game of it against Diablo's league-leading Devils for the first half but fell apart in the final two periods for a 25-6 loss.

The game was played the afternoon of November 8 at Acalanes Memorial Field.

The Dons jumped into the lead when Tod Sorensen took the opening kickoff and, leisurely meandering down the field among hesitant tacklers, scored after going 85 yards.

DIABLO CAME BACK and scored in the same period.

For the remainder of the half the teams see-sawed back and forth, to end up 6 to 6 as the result of both clubs' failure to convert.

THE SECOND HALF found Diablo's team coming to life, scoring twice in the third period. First time was on a reverse, good for 39 yards. Number 2 was from a yard out on a buck over center.

The fourth and final Diablo T.D. came in the fourth with a 38-yard gallop around end. Converting on a place kick on the first T.D. of the second half made it 25-6, and that's how it ended.

Only other highlight for the Dons was a 60-yard run by Jim Burns, which was called back on an offside.

THE DON BABES were to meet up with Pitt's Pirates yesterday afternoon but results were unavailable by press time.

The J.V. team winds up its season next Tuesday afternoon, when they travel to Martinez to meet up with the Alhambra Bullpups, who are reputed to have one of their better elevens. Kickoff will be at 3 o'clock.

Juniors, Seniors To Visit 'Farm'

Acalanes juniors and seniors interested in attending Stanford University after high school graduation will be guests of the Palo Alto university tomorrow.

Dons will be taken on a tour of campus facilities, treated to lunch and invited to attend the Stanford-Oregon game at the "Farm" that afternoon.

William Ross, counseling department head, is in charge of the group.

Hi-Lites on Hi-Life

By MARY THIES

OH NO, NOT ANOTHER week so soon! Have you tried to write about eight inches saying absolutely nothing? That's exactly what sometimes I feel I do in this column. Oh well—here goes!

About a week ago the "Fleur de Lis" (our new and thrilling French Club) had its initiation. If you hear people wandering around muttering in French, this is the reason. Good luck to a swell group.

FRESHMEN AND SOPHOMORES, beware! Those gay little Iowa tests are upon you!

As far as the students are concerned, the only thing they learn from these is that you may be able to talk in the English language, but that's about all!

Sycamore leaves! Yes, that's right! Sycamore leaves — you can make cigarettes from them! (So says the Acalanes Blueprint)

Too bad, but it's slightly against the rules to smoke at Acalanes!

THE DAPHNE BRANCH, the Acalanes group of the Children's Hospital, has started the year off with a bang.

On October 24 it held a formal initiation.

This group consists of 15 Juniors and 15 Seniors. Plans are being made for a Christmas dance and also a fashion show.

ACALANES IS JUST bursting with contests.

First the essay contest and now a photographic awards contest. This is being sponsored by the National Scholastic Press Association.

For students interested, see the bulletin boar dat Acalanes for more details.

AT THE FIRST MODESTO experimental speech tournament Acalanes won first place in the radio script department.

Eleven students attended, entering six different events.

Congratulations for bringing home another of our already mounting list of high honors.

JAZZ HAS COME to Acalanes.

An assembly by Sid La Protti, band leader, will be given at Acalanes.

This will bring slight competition to the "Acalanes Jazz at the Philharmonic."

NOW ALL THE BOYS have discovered that what they believed to be a mess was just an average Senior girl.

Now it's your turn, girls. Watch this column to find out what the average Senior boy is like.

HELPFUL HINTS

FROM MILTIE

Save steps and you'll live longer. Attach your clothespin bag to an ordinary clothes hanger. Hook the hanger over your clothes line and you can slide it along ahead of you as you go.

Not having hung out clothes for some time, I cannot comment on whether or not this would be a good idea. Saving steps, of course, is smart because it saves the old man some money. Whether you want to live longer or not depends on you, and if you are enjoying yourself. Since the kids got good report cards this time, I figure life is worth living so you might as well slide the thing along the line like the ad says.

Here's a chemistry trick which eliminates elbow grease when you have to clean tarnished table silver. Fill a large aluminum pan with water and add a teaspoon of salt and a teaspoon of soda for each quart of water. Bring the water to a boil and immerse the silver, a few pieces at a time, allowing them to rest on the bottom of the pan.

The tarnish will disappear magically and almost instantly.

Dessert Card Party By Alpha Epsilon

The Alpha Epsilon Chapter of Phi Epsilon Phi Sorority held a card party October 30 at the home of Miss Marie Bertucci, 26 El Toyonal, Orinda.

Mrs. Leland Krebs was chairman of the event. In addition to other prizes during the party, a surprise gift apron was awarded for high score at each table.

For President? Young GOPers Eye 'Candidates'

A panel discussion of possible presidential candidates highlighted the meeting of the Central Contra Costa County Chapter of the Young Republicans November 8 at the home of Joseph Creighton on Moraga Via in Orinda.

Profile sketches of possible candidates were presented by club members, including Joseph De Soto, who described Taft; H. Charles Gibbs, Stassen; Joseph Creighton, Warren, and Mrs. Paul Ammen, Eisenhower.

Plans for Senator William Knowland's appearance at Orinda Grammer School December 12, sponsored by the local Young Republican organization, headed by Ned de Laveaga, were also discussed by Lafayette, Walnut Creek and Orinda members in attendance.

Music Program At Parents Club Monday Evening

Acalanes Parents Club will meet again Monday, 8 p.m. in the school cafeteria for a special program by the music department of the school directed by Richard Hansen.

The program will include selections by the Mixed Chorus, recent winners of a high school choral competition at the University of California; the school band and the "beginners' band.

All Acalanes parents are invited. Refreshments will be served.

Silk Screen Class Makes Yule Cards

Adult students in the Acalanes Evening Program taking Silk Screen Processing from Mrs. Carl Neurk are putting the final touches on their class projects for Christmas — personal Christmas cards.

More than 25 students have filled the class to capacity.

A new course in Great Books, co-moderated by William Davis of Walnut Creek and Brother Edmund, Ph.D., of St. Mary's College, will start November 28, meeting every two weeks for two hours from 7:30 to 9:30 p.m.

Information on the Adult Program may be secured by phoning Walnut Creek 6707, to 10 p.m., Monday through Thursday evenings.

Crown Football Queen Tonight At Pitt Game

The Acalanes Don Football Queen for the 1951 Fall pigskin season will be crowned tonight before the start of the Don-Pittsburg game at Acalanes Memorial Field.

According to Walt Williams, student head of the rally committee, four girls are in the lead grappling for the honor. Leaders are senior Paula Cory, junior June Derry, sophomore Carolyn Demeter and freshman Cathy Greub.

The queen, chosen by total tabulation of the popular student vote at each of the Don games this season, will also receive gifts from local merchants.

Bill Hayes of Lafayette, in his 10th speech, discussed "The Duties and Responsibilities of the Toastmaster to the Speakers." John Tague, a new member from Walnut Creek, gave his first speech (in toastmaster lingo, called his "break-the-ice" talk).

Movies Will Aid Pied Piper Fund

Members of the Pied Piper Nursery School have adopted as one of their fund raising activities the sale of movie tickets, for which they will receive half the purchase price.

The movies will be "No Highway in the Sky," starring James Stewart and Marlene Dietrich, and "A Millionaire for Christy," with Fred MacMurray and Eleanor Parker. The Nursery School benefit nights for this double bill at the El Rey Theater in Walnut Creek will be Thursday and Friday, November 28 and 29. Tickets may be purchased from any member of the school.

Pat Newell and Bonnie Pitts head the ticket committee.

The monthly meeting of the school was held at the Montecito School in Sun Valley November 6. Several changes were made in the by-laws. Also, there was a discussion about the Christmas Bazaar of the East Bay Council of Cooperative Nursery Schools to be held at El Cerrito High School December 4.

Following the short business meeting, Dr. Jane Costellanos, Contra Costa Junior College teacher, addressed the group. She showed two movies dealing with the emergence of personality. A discussion period followed.

Diamond K Sez . . .

We had a gentleman in the store Saturday who had a very good question. As the rainy season was here, he wanted to cover his garden paths and service areas with red quarry waste. This is the very attractive red crushed topping which has become so popular in these parts.

His question was, would it be possible to put this topping over just the adobe ground. The answer is no. The quarry waste could be put down as is but without a good base, it would probably disappear by spring.

If you are contemplating any pathways or service yards to beat the mud this winter, your best bet is to lay down a base of either base rock or crushed rock. This would make a solid footing for any sidewalks or pathways to be built in next summer.

THE OTHER DAY I happened to find a few copies of Seymor Smith's handbook, "How to Prune." Last spring we had some of these books as give-aways in this column and I would like to give the rest of these away this fall. With the pruning season coming into full swing, it would be a handy book to have in your home.

Just stop at the store and ask for one or drop a post card to Diamond K and ask for "How to Prune," by Seymor Smith.

A HELPFUL HINT for this week: To prevent skin from forming on a surface of a partial can of paint, pour in enough paint thinner to cover the surface before putting the paint away.

Government Meetings Are Public Property

(An Editorial)

The Sun's obligations as a newspaper and public service seem to prescribe every so often that we remind public office holders that while they are acting in the capacity of public officials, they are living in glass houses.

Their private lives are immune to private prying as ever, but while they are discharging the duties which we citizens have elected them to do, their actions have no right to privacy, nor can they expect it.

We do not know whether or not it is always the business of the newspapers what goes on in school board meetings or any other sessions held by public officials elected by and for us citizens, but of this we're sure — everything that goes on in a school board meeting, city council meeting, state Legislature, or national Congress is the business of the taxpaying citizens of our community, for short called the public.

And the public is kept informed about its business by the press.

It is neither convenient or practical for every individual taxpayer to be present at school board meetings and other sessions of public officials for the administration of public business. But all taxpaying citizens have the right to be as well informed about what goes on at these meetings as if they were there in person.

Because the SUN, as a newspaper, has the responsibility of keeping the public informed about what its elected officials are doing and the way they are handling the public's business, there will be no censorship of the activities of vital interest to the public which supports it by taxes.

Red Cross Initiates Drive for Junior Enrollment in Schools Throughout Area

Value of the Junior Red Cross program to schools as well as to Red Cross service was pointed out this week by Mt. Diablo Chapter of the American Red Cross. The Junior Red Cross enrollment opens in area-wide schools next Monday and continues until November 30.

Value of the community, national and international phases of service given by this group of youngsters from kindergarten through high school age is emphasized by the Red Cross.

THROUGH THE community approach—"learning as they do"—the young people brighten local hospitals and institutions and assist in correcting faulty home town conditions. Through these activities they grow in practice of good citizenship and help make the schools a greater force for community betterment. All aspects of its health and safety program—swimming, water safety, food and nutrition, home care of the sick and first aid—are offered by the Red Cross for school training. Courses in first aid and home care of the sick have been adapted to the Civil Defense program, with special supplements on conditions that might result from enemy attack.

Incentive for development of many school-learned skills, such as writing, speaking effectively, painting, sewing and acting is provided through Junior Red Cross school and community activities, the Red Cross points out. Production of items for use of patients in veterans hospitals, and for men, women and children in other hospitals and institutions; making of albums, paintings, displays and dramatic and radio skits for entertainment in the school and community; skilled assistance in time of disaster; educational service in relation to the community blood program—all enable boys and girls to grow in citizenship as well as knowledge.

THE NATIONAL ASPECT of Junior Red Cross broadens the outlook of the school group by extending its services beyond the community limits. The organization's two magazines give illustrated stories and reports from other parts of the United States.

Finally, Junior Red Cross aids the schools in teaching international awareness and good will upon which world responsibility is founded. Of value to teacher and pupil alike is the communications program in which gift boxes, school correspondence, art and music are shared with young people of other lands.

The Junior Red Cross international relief programs are made possible through voluntary contributions of members to their National Children's Fund. In the past year, this fund has made it possible to give substantial aid in the form of food and clothing to young Korean war victims, to children in famine districts of India and to children of Turkish nationals being repatriated from Bulgaria.

EVERY SCHOOL-AGE young person is invited to enroll in this three-way program for effective service, the Mt. Diablo Chapter announced.

The Junior Red Cross Council meeting was held at Palo Alto November 3.

It was attended by Miss Harriet Trumbull, Junior Red Cross chairman; Mrs. Mildred Culbertson, executive secretary, and Miss Elizabeth M. Riordan, third grade teacher, Lafayette Grammar School.

The San Ramon Valley Union High School was represented by Joyce Barrett, who was a discussion leader at the Council meeting, Sandra Cunningham and Anne Spikeman; Jackie Irving and Don Davis, students from Acalanes Union High School. Gale Hansen and Nancy Hoges represented Lafayette Grammar School, and Georgia Ratskey and Cameron Thompson from San Ramon Grammar School.

ALSO PRESENT were teacher sponsors of Junior Red Cross groups within Mt. Diablo Chapter: Miss Helen Peterson, Acalanes Union High School: Mrs. Barbara Knighton, Las Lomas High School; Mrs. Gloria Newhouse, San Ramon Valley Union High School; Miss Audrey Forney, Walnut Creek Grammar School; Mrs. Alice R. Putnam, Buena Vista School: Miss Elizabeth Stypes, Parkmead School; Mrs. Marion Doss, Walnut Heights School; Miss Elizabeth Riordan, Lafayette Grammar School; Mrs Barbara W. Graves, Montecito School; Mrs. Miriam A. Hockett, Pleasant Hill School; Miss Cynthia Knox, Orinda Union School; Mrs. Paula Collings, Glorietta School; Mrs. Francis T. Harris, Danville Grammar School; Mrs. Maevis B. Wood, Charlotte Wood School; Mrs. Mary L. McMillen, San Ramon Grammar School; Mrs. Susan I. Nichols, Alamo School and Stone Valley School; Mrs. E. S. Watts, Stagg Manor, Danville; Mrs. Schroeder, Glenn Taylor, Walnut Creek, and Mrs. W. S. Palmer, Palmer School for Girls, Walnut Creek.

Bed Wetting Stopped

A new method has been perfected for solving this distressing problem, medically known as enuresis.

In children under 4 bed-wetting is a normal practice. Beyond this age it becomes a vexing problem that parents find great difficulty in solving. Drugs are of little help and punishment or scolding often makes the condition worse.

Many forms of treatment have been tried in the past with little or no success. Now a new approved method has been developed that is generally successful in ridding the child (or adult) of this humiliating symptom in three or four weeks. This method is really a conditioning of the child to overcome the bed-wetting habit all by himself. It was developed by a doctor and is endorsed and approved by physicians. No drugs or attachments are used. Further information, without obligation, regarding this new scientific discovery may be obtained by phoning HIghgate 4-4738 or writing to Enurtone of Oakland, 3149 Telegraph Avenue. **A dry child is a happy child.**

Pedder Expects Fireworks at GOP State Meet

Expecting fireworks at today's and tomorrow's convention of the Republican State Central Committee, Jack Pedder, Contra Costa Republican chairman, left Lafayette for San Diego yesterday with a repetition of the county's now famous "no comment" remark.

But then Pedder stated that in his opinion, "the recent southland meeting of Ed Tickel and his disgruntled group of reactionaries, with their planned backing of Joe McCarthy and General MacArthur, has exposed a vicious minority that will be eliminated by rightthinking Republicans and Democrats alike."

Pointing to the outstanding success of the recent Contra Costa Republican Preparedness Dinner under the chairmanship of William Fleager and the United Republican Finance Committee, Pedder said: "We now have funds to enable the voters to seek qualified and desirable candidates and to finance their campaigns raher than, is in the past, be forced to choose between condidates that have placed themselves in nomination."

'Mortals' Topic Of Sermon for Christian Science

The account of the healing of the man at the pool of Bethesda will be included in the Bible citations of the Christian Science Lesson-Sermon for Sunday, November 18, on the subject "Mortals and Immortals."

John 5: "Now there is at Jerusalem by the sheep market a pool, which is called in the Hebrew tongue Bethesda, having five porches. And a certain man was there, which had an infirmity thirty and eight years. Jesus saith unto him, Rise, take up thy bed, and walk. And immediately the man was made whole, and took up his bed, and walked: and on the same day was the sabbath."

The following correlative passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be read:

"Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick. Thus Jesus taught that the kingdom of God is intact, universal, and that man is pure and holy" (p. 476).

Don't just cry about roads, taxes, governmental inefficiency, etc. Do something about it. Keep informed and **VOTE.**

Commuters Review Accomplishments, Pick Committees, Plan New Efforts

Contra Costa Commuters Association held its first regular meeting under its new slate of officers and directors Tuesday evening at Acalanes High School.

Seven committees were appointed, to be headed as follows:

Finance: Fred Folliard of Orinda; membership, Ruth Bell of Walnut Creek; publicity, Del Armstrong of Walnut Creek; service, John McKirahan of Lafayette; tariff and loading studies, Dudley Thickens of Saranap; safety, Joe Nicolet of Orinda; improvements and shelters, Magnus Hansen of Danville.

President Arthur Bowman restated the primary objectives of the association: "To assist persons commuting by private conveyance or public carrier to the cities of San Francisco, Oakland and adjacent areas, from Orinda, Lafayette, Danville, Walnut Creek, Concord, Martinez, Pittsburg and neighboring communities in Contra Costa County in securing safe, regular, convenient and adequate transportation facilities at a proper cost to the traveling public."

Norma Warner of Walnut Creek was elected secretary, to replace John McKirahan, who asked to be relieved in order that he might devote more time working toward improvements in service.

It was felt that McKirahan's wide experience in his dealings with the Public Utilities Commission and Pacific Greyhound Company during the past few years should serve both him and the riding public very well in this capacity.

HE BROUGHT OUT in his service report the fact that more than 1000 commuters are now using Greyhound service between Contra Costa County and the Bay area, 60 percent of whom are San Francisco riders, and 40 percent riders to Oakland.

He quoted figures indicating a marked improvement in the overall bus loading conditions on the morning runs, following the recent readjustments in schedules.

He felt, however, that additional bus facilities will soon be required, in view of the ever increasing number of persons making their homes in this area.

DUDLEY THICKENS answered a question on the possibility of reestablishing Sacramento Northern rail service for commuter traffic. He pointed to the nationwide shift away from local rail transportation, and the fact that proposed freeways, "which will undoubtedly be a reality within the next decade," would make such an enterprise very impractical from the standpoint of a long-term investment.

Bill Racine of Lafayette, a member of the Diablo Highway Improvement Federation, reported on the progress of the turnout safety zone being installed at Charles Hill Road and on plans for those at Upper Happy Valley Road and Acalanes Road in Lafayette.

Similar projects, he said, are under consideration for other points where hazardous conditions exist in getting on and off the main highway.

HE REPORTED THAT a letter had recently been directed to the truck operators' association by his group, asking that all non-essential trucking be scheduled at off-peak hours, whenever possible, to alleviate highway congestion.

Paving and regrading of the Fish Ranch Road as a possible by-pass for certain Berkeley traffic was also recommended by the federation, Racine stated.

The federation, he reported, urges that an overpass at Orinda Crossroads be programmed as a "must" in the allocation of highway funds for the 1953-54 fiscal year.

MAGNUS HANSEN was directed to investigate the status of bus loading shelters, in order that this much-discussed subject may become something of a reality before the rainy season fully sets in.

The association, whose membership is comprised of several hundred commuters residing in Contra Costa County, holds regular meetings on the second Tuesday of each month, in an effort to solve mutual problems of transportation and travel which are important to this entire area.

Stoneman Needs Music Records

"They shall have music—" at Camp Stoneman Hospital if the urgent request for recorded music wins response.

Any type of record, dance, hillbilly or popular, is needed for the hospital wards.

Mt. Diablo Chapter of the American Red Cross is passing this plea on to those who may have phonograph records they could donate to the boys. They may be left at the Chapter House in the Walnut Creek Park Monday through Friday, from 9 a.m. to 5 p.m.

GYGORY SANDOR
Plays Tomorrow Night

Pianist Sandor Plays Tomorrow

Pianist Gygory Sandor will be the guest artist for the second of this year's Community Concerts at the Acalanes High School auditorium tomorrow night.

Sandor has won acclaim on four continents.

He is a Hungarian by birth and an American by choice.

"But as a pianist he belongs to the world," points out Mrs. Dorothy Shaw, publicist for the Community series.

Sandor was one of the few American artists invited to participate in the Festival of Britain last summer. He was soloist with the London Symphony.

Since his American debut in 1939 he has been engaged by the New York Philharmonic, Philadelphia Symphony, National Symphony, Dallas, New Orleans, Ottawa and Winnipeg orchestras.

Sandor served the United States Army from 1942 to 1944 and after his discharge returned to Carnegie Hall in New York City for two successful recitals followed by a coast to coast tour.

His piano artistry is known to Europe, South America and Australia as well as America and he is already engaged to return for a European tour as soon as his 1951-52 North American season closes.

Sandor is married to the former Princess Christina Hapsburg and they make their home in New York between concert tours.
